

COVID-19 STERLING DISTRIBUTION OPERATIONS UPDATE

To Our Valued Customers:

We want you to know that Sterling Distribution is open, and here to help you in any way we can. We realize that we are all living in very difficult times, but by working together we will get through this. At this time, all of suppliers are open and shipping product to us. We have not heard from any that they will be shutting down in the near future. Even though we have many of our customer service representatives working from home, we are fortunate enough to have computer and phone systems which will allow us to do this without interruption. I would only ask that you allow our drives to unload at your docks for we will not be making any inside deliveries. I feel this will be safer for all of our employees.

Thank You and Stay Healthy!
